Quikpik

E-commerce delivery for the urban cities. Only $0.99, delivered same day !

Quikpik enables online stores to deliver to a network of local convenience stores, making it easy for their customers to collect parcels.
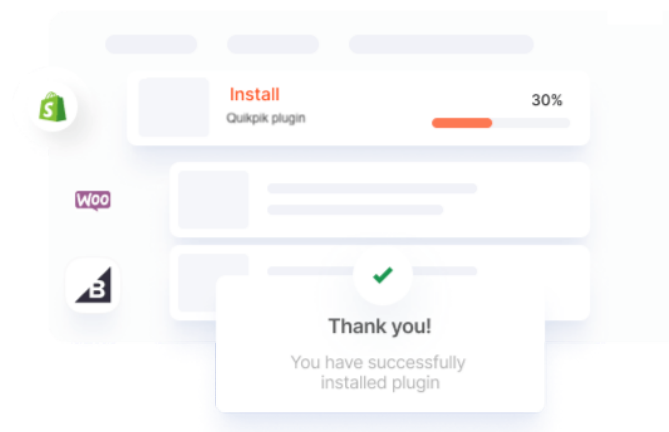

Sign me up

$0.99 per lb

How it works

STEP 1

Online stores install our plugin or Open API

If needed, Quikpik will also integrate with OMS' like Shipstation

STEP 2

Your customer shops online and chooses pickup at checkout instead of opting for home delivery.
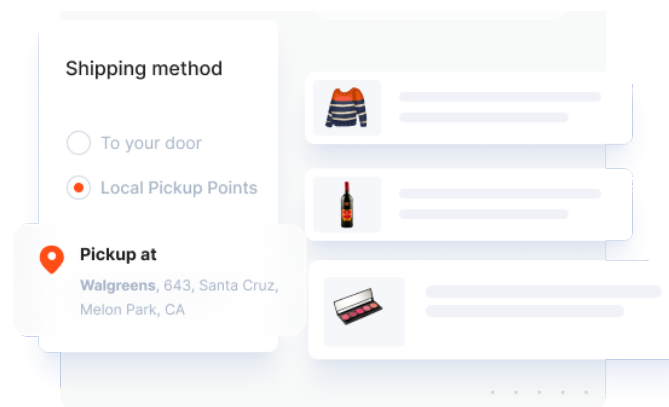

STEP 3

Your customer receives a confirmation email--it's time to pick up their parcel!

- Email contains a unique pickup code
- Email generally received within a day of placing order

Install

Shipping method

◯ To your door

● Local Pickup Points

📍 **Pickup at**
Walgreens, 643, Santa Cruz, Melon Park, CA

Your Order is ready for pickup!

1234567890

your unique pickup code

STEP 4
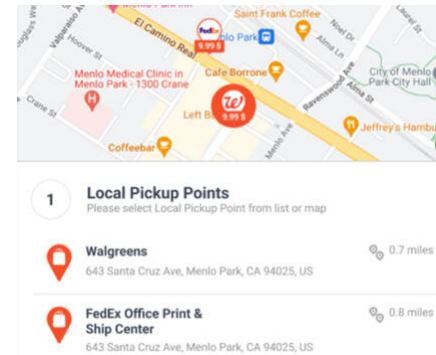

Your customer picks up the order

- Pickup locations are local convenience stores
- Shows the shopkeeper their unique barcode to pick up the item.
No need for ID.

Why Quikpik?

Failed deliveries 🚫

Over 50% of urban professionals cite missed deliveries as a pain point (McKinsey, 2022)

NO Porch theft 🥷

Did you know 63% of American shoppers were a victim of package theft in 2023? (source: Forbes)

Sustainable 🌿

Did you know, 35% of customers are even willing to pay up to $2.00 more for a sustainable shipping option?
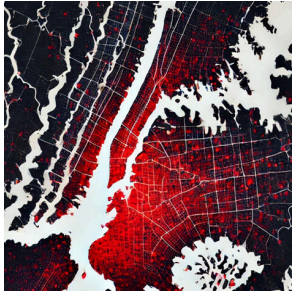

Discreet Shipping 🔒

80% of customers seek discretion for sensitive purchases (Morning Consult, 2023)
